

St. Andrew's Place
Job Description

Job Title: Dietitian

Supervisor: Operations Director

General Statement: This position will be responsible for promoting health food choices and disease prevention by increasing awareness of the link between nutrition and health.

Qualifications: This position requires certification as a registered dietitian.

Essential Functions:

- EF1: Reviewing and approving menus developed by Home Managers.
- EF2: Translating the science of nutrition into everyday information about food.
- EF3: Educating direct care staff about food and nutrition issues.
- EF4: Work as part of a multidisciplinary team in a community setting to gain residents cooperation in following recommended dietary treatments.
- EF5: Educating and advising residents with dietary-related disorders on the practical ways in which they can improve their health by adopting healthier eating habits.
